- 30) I try to think through a topic and decide what I supposed to learn from it, rather than just read it over when I am studying.
- 31) I translate what I am reading into my own words.
- 32) I try to find relationships between what I am learning and what I already know.
- 33) I predict and answer questions that I think will be on a test.
- 34) I keep old quizzes and notes to refer to when I study
- 35) I use review sheets and study questions provided by the teacher when I am studying for a test.
- 36) I study for tests with people who are in my class.
- 37) I understand what test questions are asking.
- 38) Before I begin taking a test, I look over the entire test.
- 39) Before I begin taking a test, I plan how much time I will spend on each question or section.
- 40) I make an outline of an essay exam answer before I begin writing the essay.
- 41) When writing a paper, I try to focus on one aspect of the process at a time.
- 42) I brainstorm and/or freewrite to generate ideas for an essay or paper.
- 43) I write more than one draft of a paper.
- 44) I edit or proofread papers before submitting them.
